# KESHAV ENTERPRISES

## ABOUT US

*Incepted in the year 1989, our organization, Keshav Enterprises, New Delhi, grew into one of the most celebrated names as a manufacturer, exporter and supplier of Industrial Machines and Power Press under the banner of. Our dedicated efforts in manufacturing undisputable products including Shearing Machines, Hydraulic Press Brake and Hinges Machinery have earned us a name synonymous with trust and compliance. We ensure earnest efforts on behalf our organizations to provide our clients with the best solutions within economical ranges to suite their particular industrial requirements. Our communicative approach all our dealing makes us an ideal business association for receiving customized options within our product range. Our clients enjoy an association of dedication and satisfaction with a promise of mutual growth and deliverance. We export our products to USA, UK and Central Asia.*

# C FRAME POWER PRESS

## PRODUCT DETAILS

<b>Operation Mode</b>	Semi-Automatic
<b>Max Shear Thickness(mm)</b>	2 to 3
<b>Cutting Material</b>	Stainless Steel
<b>Max Shear Width</b>	500-1000 mm
<b>Strokes per min</b>	5.0
<b>Condition</b>	New
<b>Voltage (Volt)</b>	220V
<b>Air Clutch</b>	Yes
<b>Size</b>	All Size

## DESCRIPTION

Backed by our skilled professionals and high-end technologies, our organization is devotedly engaged in offering C Frame Mechanical Power Press. Our power press is known in the market due to its high quality. This power press is manufactured with the help of sophisticated techniques & best class material keeping in paced with industry norms. Moreover, we check this power press on numerous parameters so as to dispatch a flawless range.

# C FRAME UNGEARED POWER PRESS

## PRODUCT DETAILS

<b>Type</b>	H Frame
<b>Power Source</b>	Hydraulic
<b>CNC or Not</b>	CNC
<b>Automatic Grade</b>	Semi-Automatic
<b>Load (Ton)</b>	0-30 Ton
<b>Condition</b>	New
<b>Color</b>	Blue
<b>Type of Press</b>	H-Frame Press
<b>Categories</b>	Bending Machine

## DESCRIPTION

Backed by our skilled professionals and high-end technologies, our organization is devotedly engaged in offering C Frame Mechanical Power Press. Our power press is known in the market due to its high quality. This power press is manufactured with the help of sophisticated techniques & best class material keeping in paced with industry norms. Moreover, we check this power press on numerous parameters so as to dispatch a flawless range.

# D FRAME HYDRAULIC PRESS

## PRODUCT DETAILS

<b>Type</b>	H Frame
<b>Power Source</b>	Hydraulic
<b>CNC or Not</b>	CNC
<b>Automatic Grade</b>	Semi-Automatic
<b>Load (Ton)</b>	0-30 Ton
<b>Condition</b>	New
<b>Color</b>	Blue
<b>Type of Press</b>	H-Frame Press
<b>Categories</b>	Bending Machine

## DESCRIPTION

Backed by our skilled professionals and high-end technologies, our organization is devotedly engaged in offering C Frame Mechanical Power Press. Our power press is known in the market due to its high quality. This power press is manufactured with the help of sophisticated techniques & best class material keeping in paced with industry norms. Moreover, we check this power press on numerous parameters so as to dispatch a flawless range.

# NC PRESS BRAKE

## PRODUCT DETAILS

Keshav Enterprises, New Delhi manufacture NC Hydraulic Press Brakes which are highly productive, accurate, and economical. Through advanced design and construction, Keshav Enterprises offers quality Hydraulic Press Brakes that provide simplified and easily accessible controls for optimum operator efficiency and output.

### **THE NUMERIC CONTROL IS USED FOR TWO AXIS CONTROL**

**Back Gauge Axis - X**  
**Ram Axis - Y**

The program gives facility to bend different bending degree, different back gauge positions & different open positions. It has a facility to save different programs and same can be reloaded as & when required. The back gauge consists of Back Gauge Fingers, Ball Screw & Linear Bearing along with drive.

### **Advantages of NC System**

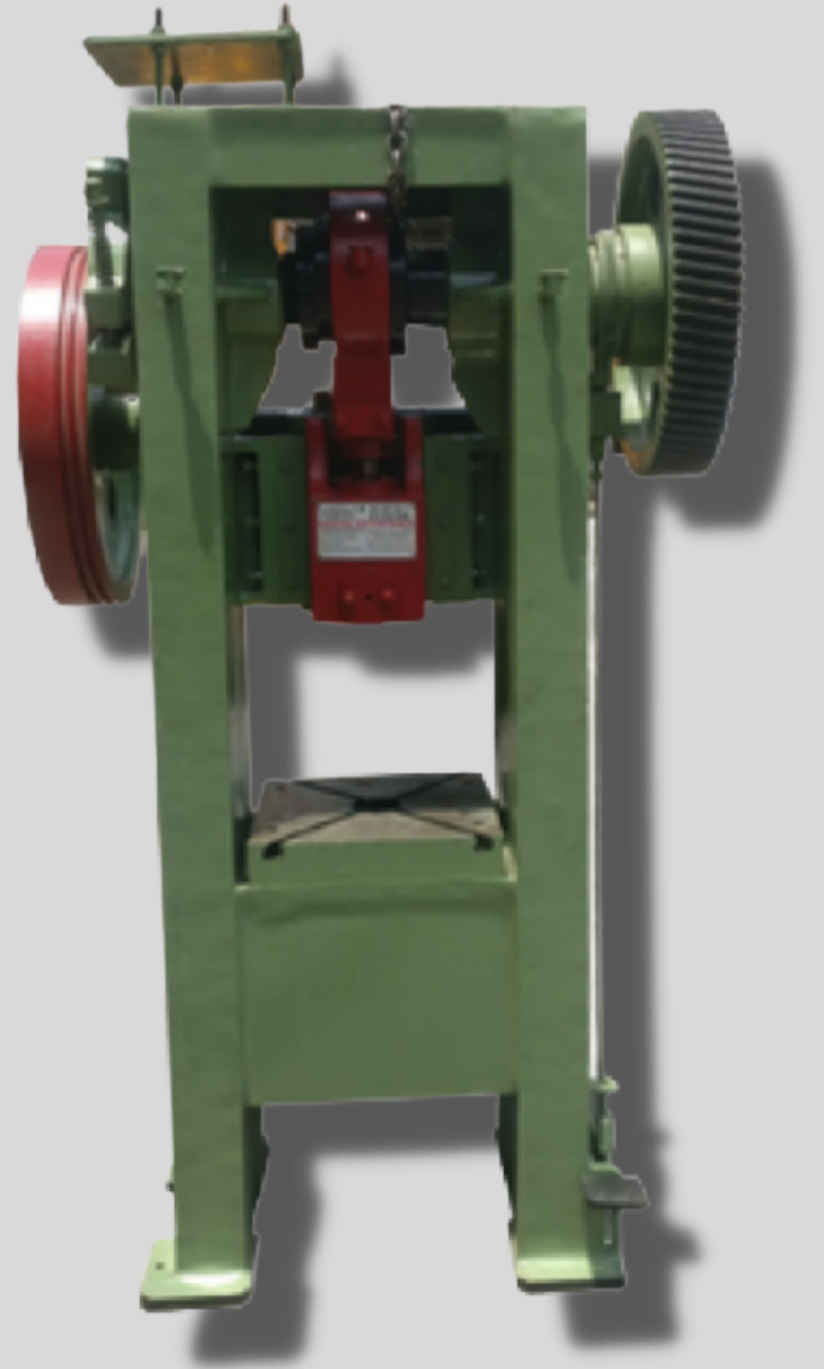

- Touch screen Press brake controller from CYBELEC Switzerland.
- Quick changeover for sample production & mass production.
- High-speed back gauge movement by AC servo drive
- Programmable angle correction & back gauge correction.
- User friendly Color Touch screen for easy programming.
- Two axis automatic control – bending degree (Y Axis) & back gauge (X-Axis)
- Multiple bends with different back gauge positions can be programmed.
- 200 programs & 24 bends with individual back gauge positions in one program.
- Different 50 punches and Dies can be stored.
- The back gauge repeated position accuracy within  $\pm 0.1\text{mm}$ .

# H FRAME MECHANICAL POWER PRESS

## PRODUCT DETAILS

<b>Type</b>	H Frame
<b>Power</b>	SourceHydraulic
<b>CNC or Not</b>	CNC
<b>Automatic Grade</b>	Semi-Automatic
<b>Load (Ton)</b>	30-60 Ton
<b>Condition</b>	New
<b>Color</b>	Green
<b>Type of Press</b>	H-Frame Press

## DESCRIPTION

Backed by a team of skilled professionals, we are offering an exclusive range of H Frame Mechanical Power Press. Known for its excellent performance and robust design, this power press is developed by a competent workforce utilizing high-grade material & innovative techniques in adherence to industrial norms. Offered power press is well-inspected from our side in order to deliver a defect-free range to customers. As well, we offer this power press in numerous specifications within a given time frame.

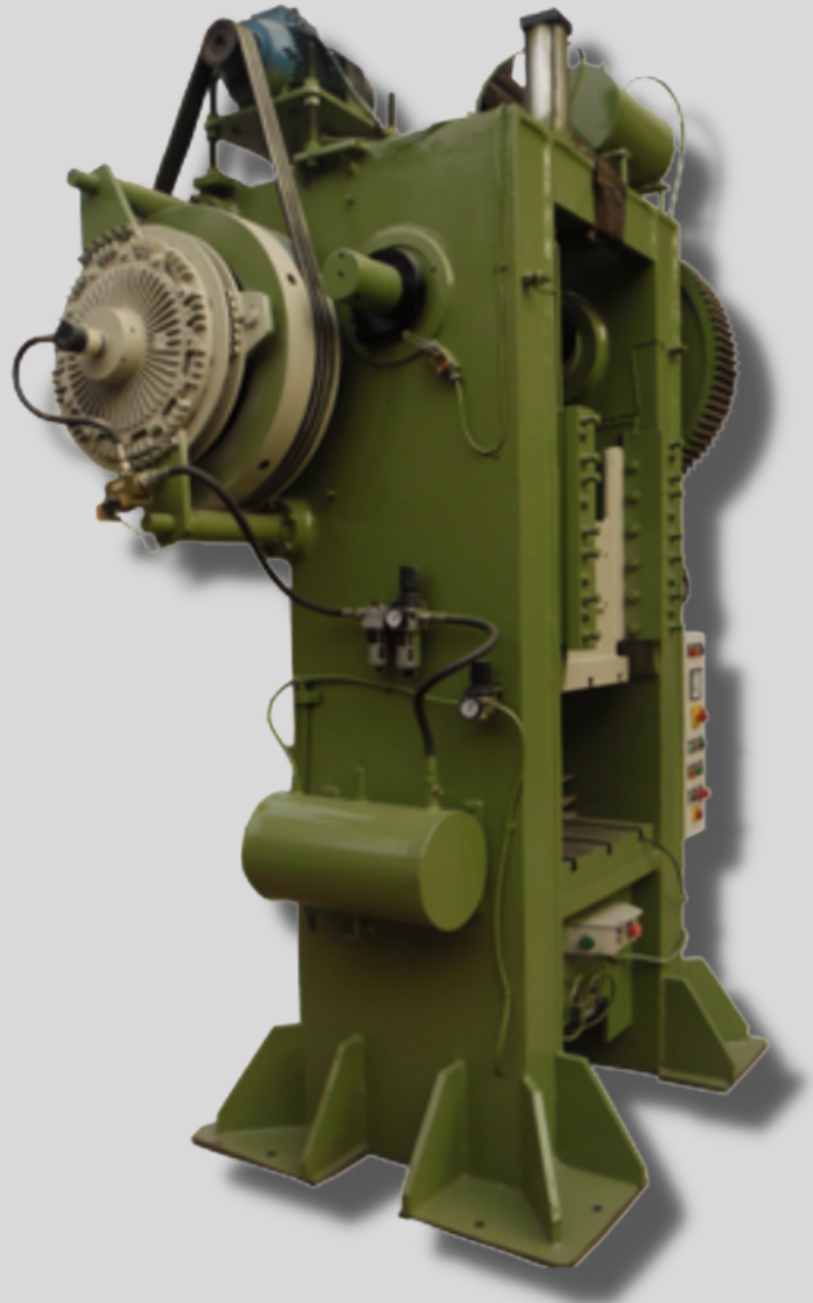

# H FRAME PNEUMATIC POWER PRESS

## PRODUCT DETAILS

<b>Max Force or Load</b>	0-30 ton
<b>Control Type</b>	CNC
<b>Condition</b>	New
<b>Material</b>	Steel
<b>Automatic Grade</b>	Automatic
<b>Application</b>	Industrial
<b>Power Source</b>	Hydraulic
<b>Categories</b>	Bending Machine
<b>Automation Grade</b>	Automatic
<b>Type</b>	H Frame
<b>Load (Ton)</b>	30-60 Ton
<b>Color</b>	Blue
<b>Type of Press</b>	H-Frame Press

## DESCRIPTION

We are renowned as the most popular enterprises in this industry, offering a wide gamut of H Frame Pneumatic Power Press. Our offered power press is obtainable in different models & other related specifications to choose from. This power press is developed utilizing top class components and leading technology under the direction of our personnel. Furthermore, this power press is checked on well-defined parameters by our quality experts, so as to offer flawless range to customers.

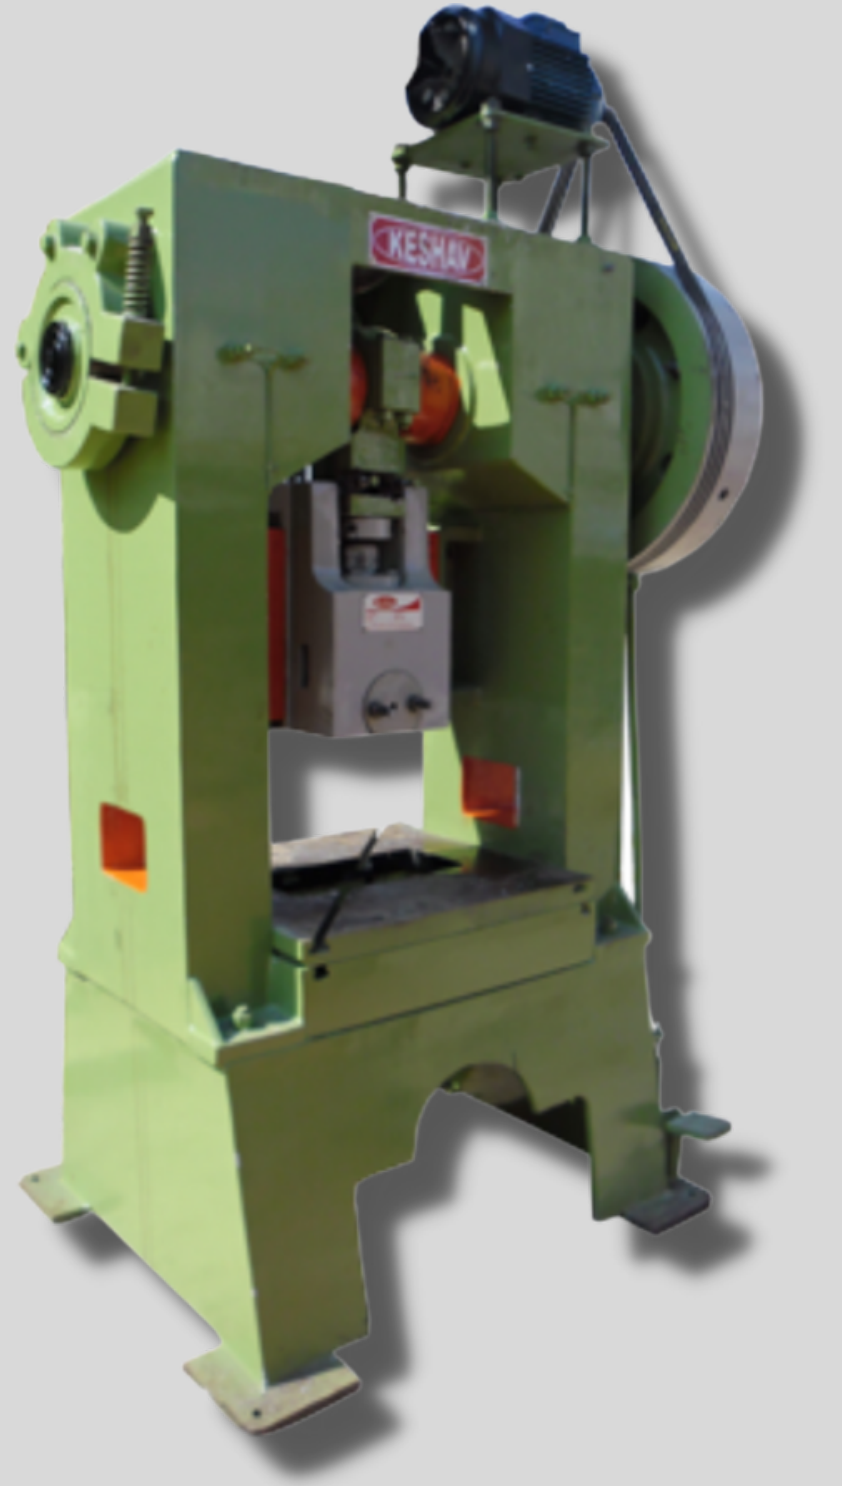

# H FRAME PNEUMATIC POWER PRESS

## PRODUCT DETAILS

<b>Max Force or Load</b>	0-30 ton
<b>Control Type</b>	CNC
<b>Condition</b>	New
<b>Material</b>	Steel
<b>Automatic Grade</b>	Automatic
<b>Application</b>	Industrial
<b>Power Source</b>	Hydraulic
<b>Categories</b>	Bending Machine
<b>Automation Grade</b>	Automatic
<b>Type</b>	H Frame
<b>Load (Ton)</b>	30-60 Ton
<b>Color</b>	Blue
<b>Type of Press</b>	H-Frame Press

## DESCRIPTION

We are renowned as the most popular enterprises in this industry, offering a wide gamut of H Frame Pneumatic Power Press. Our offered power press is obtainable in different models & other related specifications to choose from. This power press is developed utilizing top class components and leading technology under the direction of our personnel. Furthermore, this power press is checked on well-defined parameters by our quality experts, so as to offer flawless range to customers.

# HYDRAULIC PRESS BRAKE

## HYDRAULIC PRESS BRAKE FRONT CYLINDER

### PRODUCT DETAILS

<b>Max Force or Load</b>	0-30 ton
<b>Control Type</b>	CNC
